Share time, get results!

This meeting is dedicated to operational issues that airliners/CFSPs are facing in their operations. Pilots, dispatchers and OCCs will be able to talk directly to experts of DSNA 5 ACCs (FMPS, Head of ATS, OPS experts...). So, do not hesitate to use "time to share session" to pinpoint a specific issue or send us in advance the concerns you would want to be addressed during this OWS.

Any questions: dsna-customer-bf@aviation-civile.gouv.fr
